education

2002-2004 **Diploma** of Business Administration

L. Ariosto Institute

experience

2013-2015 **Wiralist**

Palermo, Italy

Lead developer

Designed and developed a social network. We used MySQL to store data and redis for cache. This has been my first experience with the Laravel framework.

Detailed achievements:

- Learned how to use the Laravel framework
- Built a custom framework born from newly learned concepts
- Configured and maintained cloud-based servers and services

Responsive web site where I used the following technologies: HTML, JavaScript, AJAX, jQuery (plugins: fancybox, fileUpload), jQuery UI, CSS (bootstrap, normalize.css), fontello.

2010-2013 **Pubblicarrello.com**

Palermo, Italy

Lead developer

Designed and developed an e-commerce with plenty of automations. Rated "truly distinctive" for Conceptualizing, Problem Solving skills and Teamwork.

In this work I used the following technologies: HTML, JavaScript, AJAX, jQuery (plugin: fancybox, tooltipster, fileUpload), jQuery UI, CSS (reset.css), fontello.

2009-2010 **Learning Academy**

Palermo, Italy

Professor in Computer Science

Course in advanced understanding of Unix-like operating systems, like GNU/Linux.

2007-2009 **Freelance**

Palermo, Italy

Freelancer

Web developer, analyst, system administrator, technical assistance and consulting

2006-2007 **Civil Service**

Palermo, Italy

Credited to the Civil Service

IT Manager

2005-2006 **Achtiva s.r.l.**

Palermo, Italy

IT Manager and Web master

2004-2005 **Mac&Win s.r.l.**

Palermo, Italy
